AB 2766 CONTRACT ADMINISTRATOR REPORT

Prepared for the February 27, 1997, MSRC meeting

1997-98 Work Program

The Lesson Learned Subcommittee will be presenting draft proposals for each category to the MSRC-TAC and MSRC in February. Category recommendations as well as a timeline and funding breakdown spreadsheet are included in this agenda package.

Status of the FY 1991-92, FY 1992-93, FY 1993-94, and FY 1994-95 Work Program Contracts

Progress Report spreadsheets for the active FYs 1992-93, 1993-94, 1994-95, 1996-97 and Supplemental round contracts and Contract Status Reports for all years are attached.

FY 1991-'92
All contracts are complete.

FY 1992-'93
All contracts are complete. CVAG submitted a final invoice for $100,000.

FY 1993-'94
Two progress reports were received from the seven open FY 93-94 contracts. Contract C94028, Calstart, issues regarding the Next Generation School Bus are still being reviewed by District legal staff and the TAC Calstart subcommittee. OCTA, C94031, has requested an extension for its final report, the County of San Bernardino will be requesting an extension for its demonstration project as vehicle delivery has been delayed, Caltrans, C94048 is requesting an extension for its final report, and the City of Glendale, C94051, has not submitted a report for this month.

C94046 - SCAG, and C94026 - City of Lakewood's have submitted final reports and a summary of these report will be included in this MSRC-TAC package.

FY 1993-'94 Invoices Received in January
Three invoices in the amount of $35,015.27 were processed this month.

21865 East Copley Drive Diamond Bar California 91765 909/396-2479 or 396-3043 fax 909/396-3682

FY 1994-'95

Ten of the 19 open contracts are current on progress reports. Four contractors are on a quarterly reports system and are current. Five contractors are delinquent on their reporting. SCAG, C95006, is four months delinquent in the submission of the Final Report for it's project "The Hidden Costs of Car Care"; Noxtech, C95008, is behind two months; Omnitrans, C95014 is one month behind in reporting; US Electricar, C95017; is three months overdue on reporting; City of Anaheim, C95024, is two months delinquent.

Staff met with Calstart (C95029) and LADOT (C95030 & C94016) to discuss issues with these contracts. More information on these contracts will be provided in the coming months.

1994-'95 Invoices Received in January

Four invoices totaling $716,504.02 were received this month.

FY 1995'-97

Thirty-four contracts are active under this work program 15 of these contracts are on a quarterly reporting cycle and all are current. 19 contracts are on a monthly reporting cycle and 12 contractors are current on their reporting. Staff continues to work with the new contractors to acclimate them to the reporting system.

1995-'97 Invoices Received in January

Eight invoices totaling $114,253.63 were processed this month.

FY 1996-'97 Supplemental Work Program

Eleven of the 14 contracts awarded under this work program have been executed. Amoco, the City of Palm Springs and Battelle should be executed this month. One contract for Noxtech, (C97005) is under a stop work order until the completion and review of its 94/95 contract. Three contractors have submitted progress reports. Staff will continue to provide guidance on reporting to the new contractors.

1996-97 Supplemental Invoices

One invoice for $8,928.72.

Attachments:

Progress Report Spreadsheets for 93-94, 1994-95 and 1995-97 Work Programs
Contract Status Reports for 1991-92, 1992-93, 1993-94, and 1995-97 Work Programs

CONTRACT ADMINISTRATION ISSUES

Clarification of Contract Boilerplate Language on ERC policy.

In 1994, the MSRC adopted the policy that no emissions credits can be generated from use of allocated Discretionary Funds. This was to ensure that the maximum available mobile source emission reductions resulted from the use of these funds. This policy was incorporated into the Standard Contract Boilerplate for all AB 2766 Discretionary Fund contracts. The Contracts Manager, Nancy Covey, has reviewed the current language and is recommending a revision that will clarify the MSRC's policy.

This revised language is as follows:

EMISSION REDUCTION CREDITS (ERCs)

A. The MSRC has adopted a policy that no ERCs resulting from AB 2766 Discretionary Funds may be generated and/or sold.

B. CONTRACTOR has the opportunity to generate ERCs as a by-product of the project. if a portion of the air quality benefits attributable to the project resulted from other funding sources. These ERCs, which are issued by DISTRICT, are based upon the quantified vehicle miles traveled (VMT) by project vehicles. Therefore, a portion of prospective ERCs, generated as a result of AB 2766 Discretionary Funds, must be retired. The portion of prospective credits funded by the AB 2766 program, and which are subject to retirement, shall be referred to as "AB 2766-ERCs."

C. The determination of AB 2766-ERC's is to be prorated based upon the AB 2766 program's contribution to the cost associated with the air quality benefits. In the case where AB 2766 Discretionary Funds are used to pay for the full differential cost of a new alternative fuel vehicle or for the retrofitting or repowering of an existing vehicle, all ERCs will be attributable to AB 2766 Discretionary Funds and must be retired. Determination of the project's overall cost will be on a case by case basis at the time an ERC application is submitted. DISTRICT staff, at the time an ERC application is submitted, will calculate total ERCs and then retire the AB 2766-ERCs. CONTRACTOR would then receive the balance of the ERCs not associated with AB 2766 funding.

The MSRC-TAC recommends approval of this revision.
